

**Job Title:** Executive Director

**Reports to:** Climate Jobs UK Board of Directors

**Location:** Flexible working location within the UK but proportionate degree of in-person attendance at a CJUK partner office will be expected, in addition to necessary meeting attendance during CJUK activity.

**Salary:** Salary range £80,000- £90,000 depending on experience.

**Job Type:** 1-year fixed term (with the possibility of extension based on funding.)

**Working Pattern:** Full time (35 hours)

## About Climate Jobs UK

Climate Jobs UK is a campaigning coalition created by the trade unions, GMB and Prospect, with the mission to ensure that the UK maximizes the economic benefits of the transition to clean power – creating good jobs, supporting local economies and delivering energy security.

We are campaigning for a transition that:

- Prioritises jobs and the economy
- Supports our domestic supply chain
- Is worker-led and socially inclusive

**Our Mission** – We will advocate for and help deliver ambitious climate action in the UK through the creation of good-quality, unionised jobs.

**Our Aim** – We want to ensure the UK maximises the economic benefits of the transition, creating tens of thousands of high-paid, high-skilled jobs, securing a thriving future for our traditional energy communities.

**Our Strategy** – Climate Jobs UK is the first international partner of the US-based Climate Jobs National Resource Centre. Working in partnership with the Climate Jobs Institute at Cornell University, we will develop a worker-led, evidence-based climate plan that delivers on jobs.
